# Sponsorship Benefits

## Thought Leadership

Differentiate your company from your competitors by positioning yourselves not just as experts, but as thought leaders within the industry. Help your customers realize your company is the one they wish to do business with.

## New Product Launch

Do you have a new product you are looking to launch or are you looking to reach potential clients in a new region? Our conferences give you a platform to showcase your new products' features and benefits and lets people know that you are there and open for business on an international scale.

## Brand Awareness

Are you simply looking to keep your company's brand at the forefront of your clients and prospects' minds? We offer a range of high visibility branding packages from lanyard sponsorship to large-scale evening entertainment that will undoubtedly leave a positive and lasting memory for the delegation.

## Speak Directly to Your Market

Position your company as an expert in the market by providing relevant information to clients and prospects. Many of our sponsorship packages include opportunities to present to an audience and will give you the time to field questions from your target market. Discover the key questions your customers have so you can show them specifically how your products and services can help them with their businesses.

## Lead Generation

Our industry-specific, highly reputable events are the perfect place to generate qualified leads for your sales team to follow up with, and most importantly convert. Many of the people who attend our events are looking for answers and solutions. Why not be the company that can offer this, in an environment that encourages an honest and open dialogue among attendees.

# About S&P Global Commodity Insights

At S&P Global Commodity Insights, our complete view of global energy and commodities markets enables our customers to make decisions with conviction and create long-term, sustainable value.

For more than 100 years, we've been a trusted connector that brings together thought leaders, market participants, governments, and regulators to co-create solutions that lead to progress. Vital to navigating Energy Transition, S&P Global Commodity Insights' coverage includes oil and gas, power, chemicals, metals, agriculture, and shipping.

S&P Global Commodity Insights is a division of S&P Global (NYSE: SPGI). S&P Global is the world's foremost provider of credit ratings, benchmarks, analytics, and workflow solutions in the global capital, commodity, and automotive markets. With every one of our offerings, we help many of the world's leading organizations navigate the economic landscape so they can plan for tomorrow, today.

## About our conferences

S&P Global Commodity Insights conferences offer an opportunity to hear from industry specialists and meet with key players and decision makers across the globe. Our calendar of 50+ events attract around 10,000 delegates annually, across 10 different commodities.

Feedback from delegates indicate the key reasons to attend our conferences are:

- Networking and looking for business opportunities
- Finding out what is going on in the market
- Learning about new developments

As well as hosting a series of established, industry recognized events throughout the year, by harnessing S&P Global Commodity Insights industry specialists (and audience reach) a number of new events have been chosen and scheduled for the 2022 calendar.

**There are a great variety of sponsorship packages available that can be tailored to suit your particular requirements and budget, so please do not hesitate to contact me to discuss the options available.**
