12:05 pm Embracing Europe's strategy for liquid fuels - From Petroleum to ReFuels

Who attends

Companies already registered come from a broad spectrum of energy industry players including:

- Refiners/Traders
- Petrochemicals and Biofuels Producers
- Banks and consultants
- Technology Providers
- Terminal, Storage and Tanker Operators
- Analysts
- And more

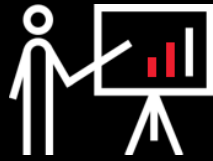

Why attend—the event at a glance

Content

- Actionable content and market insights to better understand what sustainability measures will help companies thrive in this turbulent time.
- Speaker presentation slides
- Post-event replays
- Collect and download materials, reports, and resources

Speakers

- 30+ high-caliber speakers
- Include senior executives from refiners, traders, producers, financial services, and many more
- 90% industry voices, 10% S&P Global
- Interactive Q&A throughout

Access

- 100+ industry participants
- Real-time attendee list at the event
- Connect directly with solution providers

Networking

- View the attendee list
- Introduce yourself and network with other delegates via private messaging

European Refining Virtual Conference

Become a sponsor:

Position your business in expert company, distinct from your competitors. At S&P Global Platts European Refining Virtual Conference, each sponsor has the opportunity to showcase their product or service to industry-wide professionals. We provide an environment that encourages an honest and open dialogue among attendees.
