

Hydrogen Infrastructure Europe Virtual Conference

July 15, 2021 | Online

Exploring Europe's ambition for a Hydrogen Economy

Outlook, investment, growth potential, opportunities, infrastructure projects, energy storage, and more.

Agenda overview

Establishing Hydrogen in Europe:

- 09:30 am **Chairman's welcoming remarks**
S&P Global Platts
- 09:45 am **Keynote: The state of play for Hydrogen in Europe**
S&P Global Platts
- 10:10 am **Interview: The role of policy in defining a future for Hydrogen**
European Commission
- 10:30 am **Leader's Panel: Bolstering a future for Hydrogen in Europe**
Climate Change Committee • France Hydrogène • RWE Generation

Gas Focus:

- 11:30 am **The potential for blue hydrogen: what it means for natural gas industry**
bp
- 11:55 am **Leader's Panel: Europe's Hydrogen Backbone: gas infrastructure future**
Snam, Open Grid Europe, ENGIE
- 12:30 pm **Could Hydrogen replace natural gas in our homes?**
Northern Gas Networks

Power Market Focus:

- 13:30 pm **Leader's Panel: Developing renewables to power green hydrogen future**
Oxford Institute for Energy Studies • European Green Hydrogen Acceleration Center (EGHAC) • EDPR

Transportation Focus:

- 14:05 pm **Leader's Panel: Future growth for Hydrogen as a road future: current limitations**
Hydrogen Europe • H2 Mobility • H2 Energy Holding • Fuel Cells and Hydrogen Joint Undertaking
- 14:40 pm **When will Hydrogen take to the skies?**

Investment Focus:

- 15:05 pm **The importance of storage for the development of Hydrogen**
Storengy UK & Germany
- 15:30 pm **How to encourage investment in hydrogen?**
ING Wholesale Banking • ABN AMRO Bank • European Bank for Reconstruction and Development • BNP Paribas • Sullivan & Cromwell

Who attends

Companies already registered come from a broad spectrum of energy industry players including:

- Hydrogen Producers
- European Gas Utility / suppliers / producers
- Storage providers
- Pipeline operations
- Financiers / Investors / Consultants
- Government / Public Sector / Regulators
- Transport Firms
- and more

Why attend—the event at a glance

Content

- Actionable content and market insights to better understand the road map and what needs to happen to ensure Europe's future Hydrogen Ecosystem.
- Speaker presentation slides
- Post-event replays
- Collect and download materials, reports, and resources

Speakers

- 25+ high-caliber speakers
- Include senior executives from bp, RWE, SNAM, ENGIE, and many more
- 90% industry voices, 10% S&P Global
- Interactive Q&A throughout

Access

- 100+ industry participants
- Real-time attendee list at the event
- Connect directly with solution providers

Networking

- View the attendee list
- Introduce yourself and network with other delegates via private messaging

Hydrogen Infrastructure Europe Virtual Conference

Thank you to our sponsor:

SULLIVAN & CROMWELL LLP

Become a sponsor:

Position your business in expert company, distinct from your competitors. At S&P Global Platts Hydrogen Infrastructure Europe Virtual Conference, each sponsor has the opportunity to showcase their product or service to industry-wide professionals. We provide an environment that encourages an honest and open dialogue among attendees.
